

18th Green Ventures in the framework of TerraTec and enertec

Invitation to the International Partnership Forum of the Energy and Environmental Sector in Leipzig

Dear Madam, dear Sir,

on behalf of the State Ministry of Environment and Agriculture of Saxony, the Potsdam Chamber of Commerce and Industry in cooperation with the Enterprise Europe Network Saxony, the Leipzig Trade Fair, the Leipzig Chamber of Commerce and Industry and the Israeli Embassy in Germany is currently preparing the 18th international partnership forum *Green Ventures 2015*, which will take place from 27 to 29 January 2015 in Leipzig, at the only international environmental and energy fair of Eastern Germany TerraTec. The partnership forum, one of the biggest events held for this sector in Germany, aims at companies of the energy and environmental sector (for water, air & soil, energy & construction, recycling & renewable materials) from worldwide. In the last *Green Ventures*, altogether more than 4.500 companies from 115 states participated.

A catalogue with the profiles and co-operation requests of all participants will be published in December 2014, so that you can choose your interlocutors in advance. We have no restrictions regarding the type of cooperation, whether you discuss subcontracting, distribution, technology transfer opportunities or just exchange experiences. The main target is the creation of direct business contacts. The fact that the Green Ventures take place at the same time and location as the International Environmental Fair TerraTec and the enertec for energy technologies offers you additional contact possibilities. The partner country of the partnership forum in 2015 will be Israel.

The participation is free of charge for Israeli companies and institutions and includes the following comprehensive service package*:

- participation in the partnership event *Green Ventures*
- entry to the international environmental fairs *TerraTec* and *enertec*
- publication of your company profile in the printed and in the internet catalogue
- translation services during *Green Ventures* - if needed, conference language is English
- organization of bilateral/individual company talks
- lunch and drinks during *Green Ventures* on 28 January 2015
- opening ceremony on 27 January 2015 and reception on 28 January 2015
- excursions to innovative firms/projects in Saxony on 29 January 2015

*The participation of exhibitors of the TerraTec and the enertec 2015 in the Green Ventures is free.

We offer you a large range of efficiently organized direct contacts. You are free to make use of the whole package or just to share in the *Green Ventures* talks. We would like to welcome you in Leipzig.

Please contact Ms. Liebert for further information (phone: +49-331-2786-241) or send us your registration and the filled-in questionnaire (annexed to this letter) **till 30th November 2014** (fax: +49-331-2786-191). Thank you in anticipation. You may find more details under www.green-ventures.com where you also can register.

Yours sincerely
