

Connecting India with Health Technology Innovators

Project Objective

To support the adoption of new technologies in India with the goal of improving healthcare delivery and patient outcomes

Benefits

Health Tech Innovators that participate in TechEmerge gain:

- ⦿ Access to strong network of Indian healthcare providers
- ⦿ Funding to support a pilot of new technology
- ⦿ Guidance to sell your product and reduce the risk of local adoption

Process

Explore

Health providers meet with TechEmerge team to determine areas of interest for piloting new technologies

Source

Competitive open application process to source health tech innovators

Select

High performing innovators with commercially proven products/ services are shortlisted as potential pilot partners

Match

Health providers meet in person with shortlisted tech innovators to determine best match for pilot

Field Test

Selected tech companies will embark on pilot with healthcare providers

Commercialize
