

7TH ANNUAL HEALTHTECH INVESTMENT FORUM

24TH SEPTEMBER 2019 | CONGRESS CENTER BASEL | SWITZERLAND

19TH ANNUAL BIOTECH IN EUROPE FORUM

25TH - 26TH SEPTEMBER 2019 | CONGRESS CENTER BASEL | SWITZERLAND

INVITATION FOR ISRAELI SEED COMPANIES

This year again we are inviting applications to present from Seed companies (pre-series A funding, up to 1 million seed capital raised) or Projects for the Rising Stars Sessions. Israeli Companies are invited to join the upcoming forums and take part in one of the Global Seed Sessions (for HealthTech/Device companies there will be a session on the 24th of September, and for Biotech/Pharmaceutical companies there will be a session on the 26th of September).

All qualifying and approved companies will receive a **complimentary** 1 day forum access with One-2-One partnering system access (for the day of the participation) and a free 3-minute elevator presentation slot during one of the Rising Stars - Global Seed Sessions (on 24th or on 26th) depending on their sector. Upgrades are available to attend additional days (CHF 600 per day) and to bring colleagues (CHF 600 per person per day).

The format of the session is a 3-minute elevator pitch (few slides or short video can be used during the presentation) followed by a question by the moderator or the audience (4 minutes total).

ABOUT THE FORUMS

Now in its seventh year Sachs will be hosting the **7TH Annual HealthTech Investment Forum** on September 24th, 2019. The forum covers innovation in the digital health and medtech and devices sectors. The programme features topical keynotes and panels with industry leaders and features over **20 corporate presentations** by public and growth companies. In addition, there will be two Rising Stars Sessions with around **30 start-ups presenting**. We expect over **250 delegates** drawn from Digital Health, MedTech/Device companies, bankers, investors and advisors.

The **19TH Annual Biotech in Europe Forum** will take place on 25th-26th, a day after the HealthTech forum. The event is recognised as the leading international stage for those interested in investing and partnering in the biotech and life science industry, which . This highly transactional meeting draws together an exciting cross-section of early-stage/pre-IPO, late-stage and public companies with leading investors, analysts, money managers and pharma licensing executives. The programme will feature a number of plenary panels/workshops covering BD & Licensing in the main therapeutic areas. The forum will provide a number of networking opportunities via our online One-2-One meeting system, which allows you to pre-book meetings with all the attendees at the dedicated meeting facilities. We expect over **700 delegates** and over **100 presenting companies**, and **30+ pitches by seed companies**.

To apply please click on a link below and submit application form available on the event's website:
